Summary: Hiccup is transported to fiore and becomes the plasma dragon slayer. How will fiore adapt to a dragon slayer mage/viking?

1. Chapter 1

****Hello all my loyal followers and readers and reviewers. I'm back with a brand new story. Which I hope people will read. If is a crossover between the anime fairy tail and the movie how to train your dragon. ****

****Anyway lets get on with the story.****

****Of dragon slayers and vikings chapter 1****

****I'm a Dragon Slayer!？****

"_Hiccup. Hiccup. Hiccup. Wake up already hiccup." Said toothless as he started to jump on the poor sleeping boy._

"ow. ow. ow. Okay toothless i'm up, i'm up. Hey toothless do you what day it is. (toothless gives a puzzled look) it's the anniversary of the day we met."

"_Yeah yeah yeah. What are we gonna do. Huh huh huh." said toothless even though hiccup couldn't understand him it didn't deter his spirits._

"Come on buddy lets go to the cove before dad wakes up." said hiccup while tiptoeing out of his house.

"Hey hiccup" shouted Astrid as she ran up to him.

"Oh hey Astrid what ya doing." said a nervous hiccup.

"oh just wanted to say and maybe challenge you to a race to finally

show you i'm faster. Me and stormfly have been practicing nonstop." said a very excited astride.

"sorry astride. It's just gonna be a me and toothless day. Maybe tomorrow." said hiccup.

" okay I understand tomorrow." said a slightly upset Astrid. "prepare to get your butt kicked" said Astrid back to her normal self as she was walking away.

"Come on bud. Race ya to the cove." said hiccup as he began his little race.

****Fiore kingdom, forest near magnolia****

"ugh. When is that kid going to get here. I'm not getting any younger. Said a mysterious voice deep in the woods."

****Berk, cove****

"toothless face it I beat you." said a very confident and slightly cocky hiccup.

" _you only won cause I let you win. Don't be so full of yourself." said toothless event though it would just fall on deaf ears._

"toothless I wish I could understand what your saying so much. But then I think some of it might be insults so i'm a little turned of but still."

(a light is glowing of in the distance.)

"what do you think that is?" hiccup said to himself. He wandered closer and closer to the light until he

was only an inch away from it.

"its so beautiful." hiccup said mesmerized by it's imense beauty. He leaned in closer to look at the light but then It pulled him in.

"aaaaaaaaaaaaahhhhhhhhhhh" yelled hiccup as he was falling and the light was closing.

"_no hiccup I need to get help." said toothless as he ran as fast as he could to the village._

****Fiore kingdom, forest near magnolia****

"wakey wakey hiccup." said a voice he couldn't quite recognize. It was deep and reminded him of his father.

"dad?" said a still dazed hiccup.

" do I look like your dad kid. Even though it would be nice if you called me that." said the voice.

" who are you oh my gosh?!" said shouted hiccup as he saw that the voice had belonged to a dragon.

The dragon was actually quite beautiful with electric blue skin the kinda looked like jelly.

" my name is cato the plamsa dragon and I am going to make you the plasma dragon slayer."

" I don't want to slay dragons and where are we?' said a very confused and upset hiccup.

" first of all we are in fiore a world very different from your own and secondly you will be able to use

dragon slayer magic wich will give you the abilitiees of a dragon." said cato very proud of himself.

" do I get a choice in this?" said hiccup.

" nope. I didn't send you here for nothing." said cato.

"wait you sent me here!" said a shocked hiccup.

" get some sleep training begins tomorrow." said cato as he left to sleep leaving hiccup to wonder

about the situation he was in.

****Berk. night****

"hello toothless have you seen hiccup I couldn't find him all day."

" _hiccups missing help me find him" said toothless._

" him i'm sure he'll be back soon. See ya later toothless." said stoick slightly worried.

" _hiccup where are you?" said a very upset toothless._

****End of chapter 1****

So how was it so far read rate and review.****

2. Team Natsu meet hiccup haddock!

****Hello all my loyal followers and readers and reviewers. Brief recap: cato the plasma dragon brought hiccup to fiore in order to make him the plasma dragon slayer and berk barely noticed he's gone. Amway on to ****

****Of dragon slayers and vikings chapter 2****

****welcome to Team Natsu Hiccup Haddock****

****fiore, woods near magnolia****

"hiccup hiccup. Wake up already you lazy boy it's time for training." said a very annoyed cato

"ugh. What happened. Oh my gods a dragon!" said hiccup

"we already went through this yesterday now lets hurry up with your training. I'm going to make you a

third generation dragon slayer." said cato very annoyed at his slayer.

" whats a third generation dragon slayer?" asked a very puzzled hiccup

"that means i'm going to teach you the basics and then implant a lacrima crystal to help with the

advanced moves. Simple right." said cato

"no not really." said hiccup plainly.

" anyway we going to start with one of the most important things, eating your element.(leaves to get some plasma.) i'll be right back."

" um okay I'll just be here then. Thinking: did I really just agree to this. Well I have no idea where I am

or how to get home so I might as well stick to it." said/thought hiccup

"I'm back (drops plasma in front of hiccup) now eat this." "but I really don't want to" " I said eat it!"

Shouted cato as hiccup reluctantly ate the plasma.

"wow that was really good" said hiccup "what do we do next."

"well we start working on your roar then other moves.

****One Year later****

" wow hiccup your a really fast learner. Now for our final lesson the lacrima. This will only hurt for a

minute." said cato slyly

" okay. (lacrima is inserted) Aaaaaaaaaahhhhhhhhhh!" hiccup shots as he withers on the ground in pain.

"stop being such a crybaby it's over already." said a annoyed cato.

"okay so what do we do next" said a very excited hiccup waiting to here what to do next after his weeks of vigorous and kind of fun training.

" hiccup this will be the last time we see each other so I am going to give you this parting gift.(hands hiccup midnight gray exceed egg.) I will miss you so much." said a cato almost in tears.

"wait what do you mean parting gift. Don't leave me" hiccup wailed.

"goodbye hiccup. When you wake up i'll be gone." Said cato

" wait what do you mean when I wake (cato bonks hiccup on the head)

****Berk****

"toothless have you seen hiccup he promised me a race today." said Astrid.

" _sorry Astrid I haven't. ****Hiccup is missing ****I can't find him." whined toothless. _

"_wait I have an idea. Follow me." toothless said as he grabbed Astrid and dragged her to the cove._

"Toothless what are you doing. Let me go!" Astrid yelled as toothless dragged her away.

****Fiore kingdom, woods near magnolia 2 weeks later****

"nastu you usually go on your ignell hunts alone why did you bring the whole team along this time." said lucy clearly annoyed.

"because with more people we can find ignell faster." owwww. "hey what was that." said a very puzzled natsu.

" we shall approach it slowly." said ezra taking charge once again.

" what about ignell. Ezra do we even have a plan it could be dangerous." said natsu and gray.

"Are you disobeying me." Said a very scary ezra

" no ma'am." said gray and natsu in unison.

Slowly they approached the noise and saw a boy dressed in weird clothing

" owww. cato! Where did you go don't leave me. Hey who are your guys?" said hiccup

"we could ask you the same thing." said lucy.

"are you friend or foe." said ezra

"friend defiantly friend. hey you remind me of my friend back home named astride. I bet you two would get along great." said hiccup

" okay whats your name and are you a mage and what guild are you in if you have one " asked gray

trying to get some infromation on him.

" my name is hiccup haddock. I'm a third generation plasma dragon slayer and I'm not in a guild." said

hiccup kinda worried of these strange new people.

" your a dragon slayer. What happened to your dragon." said a very excited natsu.

"he left." Said hiccup sadly.

"Hey lets bring him to fairy tail." said natsu

" um I'm not really sure about. Hiccup didn't have time to finish as natsu dragged him to fairy tail and team natsu follwed him.

****Fairy tail****

" hey master I got a new recruit." said natsu bursting through the door.

Mirajane noticed the little boy natsu was carrying and went up to him.

"hello where would you like your stamp and what color?" said mirajane sweetly.

"um electric blue on my right hand please." said hiccup shyly.

" hey what kind of magic do you use?" said levy curiously.

" I use plasma dragon slayer magic" said hiccup proudly.

" wow another dragon slayer. It's so rare but know we have 4 slayers." said everyone.

" hey where is your exceed." said lucy.

" you mean this egg." Said hiccup while holding said egg.

" yeah that. Crack crack. Oh wow it's hatching." said lucy

crack. A little midnight gray cat with emerald green eyes appeared in hiccups hands.

" hi. Do you have a name" said hiccup to the little cat.

The cat only just stared at him.

" how about I call you toothless ii. Do you like that."

" aww it's so cute." said ezra much to the shock of everyone.

" hmm lets get you some clothes tomorrow huh bud." said hiccup while the little cat.

" hey hiccup do you want to join team natsu" said happy.

" sure. Hey do you know a place where I can stay."

"of course but lets work on that tomorrow." said lucy.

" hey all of you brats. Lets have a party for our new member." said master.

Fairy tail partied like theres no tomorrow.

****Berk, the cove****

"toothless why did you bring me here. Hey whats that. said Astrid looking at a scorch mark on the

ground. Oh my gosh hiccup was captured. Quick we need to get to the chief. Said Astrid while running

to the chief with toothless following behind.

END OF CHAPTER 2

3. Finally an Explanation

****Hello all my loyal followers and readers and reviewers. Sorry I kept your waiting so long. Two words: high school. I am so glad people still followed and favorited after my absence any way i am rewriting some of the chapters to make them longer and more interesting. Enjoy.****

Kingdom Of Fiore.

" Hey Hiccup can i ask you something?" Said Lucy. "Sure What is it" "Well i was wondering what your life was like before you came here if you don't mind me asking?"

"Oh i much rather not a lot of bad memories."Said Hiccup feeling uncomfortable. "Oh Okay" Said Lucy a little dejected. "Hey can you guys tell me about the guild members seeing as i'm going to be with them a lot."

"I will" Said Ezra "First let's introduce the team. There's Natsu. A i'm not sure how old Fire Dragon Slayer raised by ignoble. He likes his friends and dislikes Gray. Although they are like siblings. "We are not" "Are you Disagreeing with me." "No ma'am" "Good. Next is Gray. A 18-year old Ice-make mage. He likes his friends but dislikes Natsu. Then theres Me Erza. I'm 19, like cake and can't stand slackers. Next up is Lucy. A 17 year old Celestial Spirt mage. She cares deeply about her friends both human and spirt and can't stand snobs. Finally There is happy. An exceed and Natsu's common companion. How About you hiccup."

"Well i'm 17 and a plasma dragon slayer." "That's it" Said Gray. "yep. I'm pretty uninteresting." "We can discuss the rest of the guild members as you meet them" Said Gray

"Hey how are we getting to...what town are we going to again." "Were going to lextion to stop some bandits. Natsu picked this up during the party."

"Hey toothless 2 are you doing alright." "Yeah i'm doing fine. Where did you come up with a name like toothless though. I mean really. Toothless." "After an old friend i'll tell you about him sometime okay."

"All aboard that's going aboard for lextion"* Shouted the conductor. "That't our stop let's go." Said Erza as the team left the

train.

"ooff. Watch were your going." Said a tan girl with medium length black hair a gray shirt, black capris and red converse. "Sorry were in a hurry." Said Hiccup "Oh where are you going?" "Where just walking around" "Do you mind if i go with you?" "No not at all tell us your name Kid" Said Erza.

"One i'm not a kid. I'm 17. Two i'm Alice. A celestial Card and Eraser Mage." "Well come along then."

The team plus Alice explored the town searching for the bandits.

At Berk

"Has anyone seen the chief. Hello. Do you know where chief Stoick is? No? Then move." Said Astrid as she shoved another person out of her way. Toothless 1 following close behind.

"Oh i hope those dreaded outcasts's don't have them or the berserkeres. There bad enough without dragons to fly on." Thought Astrid as she continued her search.

Lexton, Warehouse, Fiore

"Hey boss look here. A couple of chumps ripe for the plucking." That's plucking you dolt." "Hey you think your better than me?" I know i'm better than you." "Quiet you fools, your drawing a crowd." "Sorry Boss" "Listen here go up to them ask them for help then ambush them alright." "Alright Boss." "Now go."

"We'll cover more ground if we split up. Natsu, Lucy and Happy your one group. Gray your with me. Hiccup, Alice, and Toothless 2 your another group now go." "Ha. Ha, so long ice freak." "i'll get you smoke breath" Shouted Natsu and Gray as the groups left.

"Hey young man can you help us out we heard about some bandits and we don't want to get hurt." "Sure" Said Hiccup "We'll be happy to help right." "Yep, If i have to" Said Toothless 2 and Alice respectively.

"Come on follow me." After walking nearly two miles. "Just a little bit further... Now" the other bandit had jumped out as a mysterious figure loomed in the distance.

"Let's go **Roar Of The Plasma Dragon. Open The Gate Of The Light Fairy! ****Hikari!" **

****Hikari can you take that bandit out. Of course i can. You really should summon me more though. Not the time. Yesh Just saying. **Light arrow**!" Hiccup's roar and Hikari's arrow had hit the bandit and knocked him out cold.

The mysterious figure slowly walked forward slow clapping as he went.

"He He He. I see you defeated my little friend. Good underlings are so hard to find these day's don't you agree."

"Who are you and what do you want" Shouted Hiccup surprising himself

at his commanding tone.

"I'm Kreig. The leader of these here bandits and i won't let you run me out of my town."

"Oh yeah we'll see about that." Said Alice as she started running towards him.

"Gah." She fell to the ground clutching her arm.

"I see you nicked your self of my sword cane. Do be careful now."

"**Plasma's Dragon electron claw**"Shouted Hiccup as her charged toward the bandit.

"Nullify." Said Kreig as hiccups attack was neutralized.

"See i told you, you won't gah" Kreig fell someone ran into the back of his head.

"Did we miss anything!" Shouted Natsu. "Yeah Me, Alice, and Toothless 2 took care of the bandits while you just stopped the boss."

"Yes. I didn't miss the fight. Why do i smell blood?" Said Natsu

"Oh i just got cut, i'll be fine though."

"Hey Natsu where are Lucy, Gray, Happy And Erza."Said Natsu "Here they come"

"How is everyone" Said lucy worry hidden in her tone. "We're mostly fine. Alice was slightly hurt but we did complete the mission"

"Come on Alice let's get you to the hospital."

Lucy and Alice leave for the hospital.

Ten Minutes Later

"Hey thanks for helping me out. It's hard being a traveling mage nowadays." Said Alice. "Hey Alice are you interested in joining a guild." "A little why?" "Why not join fairy tail then."

"I heard about fairy tail. A bunch of super strong party animals. I'm in" "Great lets go tell the others"

Lucy and Alice went back to tell the others the good news. They had gotten the reward and had boarded the train home.

"Hey gramps, we have a new member." Shouted Natsu kicking open the door.

"Well then were would you like your guild mark and what color."

"Hmm, white with a gold outline of my cheek." Said Alice.

"Alright brat's lets party!" Said Master Makarov.

"Party!" Shouted everyone.

Berk

"Chief, Hiccup's Missing."

Hope you like the rewrite so far. There's more to come in the future. Most likely the distant future.

4. Hiccup and Alice

I am so sorry for my extreme absence. I was sick, lazy and busy. AP classes can be tough. Anyway i'm back with new longer more interesting chapters. So here we go. (Warning: There are references to homo/bisexuality. Don't like don't read. This chapter has been edited so the it will take longer for the vikings to get to Fiore. Build Tension.

Of Dragon Slayers and Vikings

****Kingdom of Fiore, Fairy Tail Guild Hall****

"Hey Hiccup are you in a team?" Asked Alice. "Actually no." Then why are you with them? No offense."Oh i'm new to the guild and they asked well took me on a mission with them." "So your a solo mage then."

Well yeah. Why?" We worked pretty well against that bandit and I would like to get to know you better so how about a temporary team up." "What's that" "We form a team for about a month and if we want to stay a team we do, if not we split up. "So what do you say" "Say yes." Said toothless 2. "Alright then." Alice and Hiccup high-five.

"What should we call our new team?" asked Alice. "Hmm how about team viking." Said Hiccup. "Alright. Team viking it is."

Ezra walks over to the new team. "Alright let's introduce you to the rest of the guild. "oh right" said hiccup as he blushed forgetting about the other members. "you already know team Natsu. Then there is Gajeel Redfox. The iron dragon slayers. "Hello shrimps". Wendy sky dragon slayer and her exceed Carla. "Hello" said Wendy shyly. "Oh great another annoying Tomcat" said Carla disdainfully. "I'm a girl you arrogant brat." Yelled toothless 2. "How dare you think i'm a boy" "You look like one" Said Carla matter of factly. "There are many words to describe you but i'm to young to swear." Said Toothless 2.

"Moving on. Juvia Lockser. "Hello. Juvia's name is Juvia. Juvia is a water mage and Gray Sama's sweetheart." "No she isn't" Said Gray flailing and backing away from Juvia." "Gray Sama you don't have to be shy around Juvia."

Panther Lily gajeels exceed. "Hello." H-Hi." Stuttered Toothless 2 while blushing and turning her head away to hide her blush. "Cana Alberona. Cana drinking this early. "I'm cana. I'm a card mage who loves to drink.

Levy McGarden. Hi i'm levy. I'm a solid script mage and I love

reading.

"Next the Raijin Tribe. Freed Justine. Hello i'm a dark ericture mage. Don't go against me or laxus-sama and we'll be fine. Evergreen. I'm evergreen a fairy and I have fairy magic and stone eyes. Bickslow. "Yo i'm bickslow. I use seith magic and these are my babies." "Babies, babies" says his babies.

Then the Strauss siblings. Mirjane also called Mira. "Hello there. I use takeover Demon Soul and I work as the bartender. Oh you two are so cute together. Ahh. Green eyed black haired babies. Mira crooned and dreamt." Moving on. Elfman Stauss. "I'm the manly Elfman. I use takeover Beast soul. Are you manly?" He asked the two. "Yes I manly". Said Hiccup uneasily as bad memories surfaced." " I not manly because i'm a woman. I'm **wo**manly!" Said Alice. "Finally Lissana Strauss." "Hello i'm Lissana. I use takeover animal soul." Hiii I'm Hiccup haddock its ni-ii-ice bleh. Nice to meet you." Hiccup Stuttered. "Are you okay Hiccup." "Oh yeah i'm alright. :Wow she's pretty. Even prettier than Astrid. What are you thinking Hiccup. Your Astrids boyfriend. Yeah but's it been a year she probably moved on.:

Alice glared at Lissana. :What does she have that makes Hiccup go gaga. Alice you've only known each other for a day you shouldn't get Jealous. Beside you'll have plenty of chances to show how good you are for Hiccup. Yeah. Jealousy hurts. It probably won't happen anyway."

"Hey Alice?" asked Lucy. " I was wondering what is celestial spirit card magic and eraser magic?" "Well celestial spirit card magic is Celestial Spirit Card Magic is a type of magic that involves cards that can summon celestial spirits. There grouped into two types, gold and silver cards. Silver are common and Gold are rare. Eraser magic is magic that can erase nearly anything i touches or touches me from existence, yet i can not erase everything. I can't erase human life or humans that also includes animals so only things such as plants and objects can be erased from existence. I am capable of returning what I erased by erasing the fact that i had erased the object making it appear where it last appeared before being erased, yet i would need to stand in the same spot where i erased the object in. This magic still has its weaknesses as seen i can not completely erase a Mage's Magic from him since the Magic is believed to be apart of the Mage she can only erase the spell casted by the Mage. Though I need to touch or be touched to erase whatever i desires, I can also erase things of myself with my own will since it's my body and i can bring them back but only since it is my body can i do that without being where i was last when erasing. I can also erase parts of my memories, the wounds but not the pain and even my emotions which i can bring back whenever I wish, yet if i'm not careful i can erase her emotions without meaning to." Said Alice.

"Have you ever done that before?" Asked Lucy. "Once it was not pleasant and that's all that I will say on the matter." Said Alice in a eerie monotone. " Hey Hiccup to celebrate forming our team lets go on a mission" Said Alice back in her cheery manner. "Alright." Said Hiccup. Alice dragged hiccup over to the guild request board. "Here's a good one. Escort a rich noble to Sole city for a wedding. Reward 70,000 Jewel. That's pretty good. Wanna do it Hiccup." "Yeah sure, but wait Alice aren't you still sore." Asked Hiccup. "A little but i'll live. Hey who do we go to go on missions." "I can do it dears." Said Mira. "Thanks Mira. Thanks a lot Let's go." Said Hiccup and

Alice as Team viking left on their mission.

****Meanwhile****

****Berk****

"Hiccup has been missing for a year now and we have scoured the whole archipelago with no signs of him." "We need ideas people." Said Stoic. He has lost some weight over the year and have become slightly more tense. "Maybe we should search outside the archipelago." Said Astrid. "What do you mean lass, "We searched the whole archipelago and haven't found him so maybe we should focus outside the archipelago. We have dragons so we can go that far." Said Astrid. " Good idea. Dragon riders rest up for tomorrow we leave the archipelago. :Soon Hiccup. We'll find you soon and then I won't ever let you go again. It was bad enough when I lost your mother and you almost died. Not again son. Not again." Thought Stoic.

****Kingdom of Fiore, Sole City/Aconite Town****

Alice, Hiccup, and Toothless 2 stand in front of an elaborate renaissance style mansion. Knock, Knock, Knock. "Yes Hello." A tall middle aged man in a butler suit had opened the door. "Are you the mages we asked for. "Yes, yes we are. Is Lucretia Borgia here." I'll get her right now. Milady the mages are there." A woman in her mid 20's came to the door. She had wavy blonde hair that reached to her back and a long sleeved forest green dress shirt, black pants, bright amber eyes and a ruby necklace "Thank you butler. I am Lucretia Borgia. Let's go. You don't get married everyday now do you?" Said Lucretia.

The two mages stared at her. "Whats wrong" she said in a sweet wispy voice. "Um. When you think of a noble you think of someone dressing like a princess and having a i'm better than you attitude. Not a laid back middle class person." Said Alice. "Yes I do get that a lot but I like being different. Now we should get into the carriage for Aconite Town. "Oh yeah." The mages muttered embarrassed. Lucretia sat in the front. Alice, Hiccup and Toothless 2 sat in the back.

Hiccup took a moment to look closer at Alice. They seemed to be the same age. Maybe she was a little older. She was just under skinny. Not skeleton skinny but wasn't heavy either. Like Astrid. She had raven black hair and brown eyes. The dark colors complemented each other and her caramel tan skin made them stand out more. She was staring of into space. A silly grin plastered on her face. She was attractive. He'll admit that and they seemed to immediately hit it off, but he barely knows her.

"Hey Alice?" "Yeah Hiccup." "I was thinking about what you said at the guild. The no emotions thing. Can you tell me about it." " I don't really want to Hiccup. It's a part of my past that i'd rather not remember." " If you tell me about that i'll tell you something about my past." "Deal". "The no emotions thing started back when I was learning eraser magic. I had accidentally erased my emotions and at the time I didn't care because no emotions. I had begun to beat my enemies mercilessly in my fights almost killing them. I tormented and tortured anyone who I felt deserving. I had stopped because I could no longer feel Joy. I found out how to bring my emotions back and I bawled my eyes out for the evil I committed. I became a wandering

mage to repent for my actions." Said Alice trying not to cry. "Alice it's okay if you want to cry." "Thanks Hiccup." Sobbed Alice crying on Hiccup's shoulder.

****Five Minutes Later****

"Thanks Hiccup. I needed that. Now it's your turn." "Right. Well when I was growing up I was the village runt and embarrassment of the village. I wanted the approval of my father but he was ashamed of me. I had the biggest crush on astrid but she hated me. Then I knocked a dragon out of the sky and became friends with it. My dad found out and disowned me. Then I killed a huge evil dragon and helped my village train dragons. Then I was popular and loved and even got a girlfriend." Said Hiccup. "It sounds like their using you for fame." "What do you mean." Before they didn't care about you at all and then your the hero and their your friends. That's way to coincidental. :Could she be right. Well they only cared about me after I nearly died to save them all. Before they were all to happy to ship me off.:

"Your right Alice." "When I see them again I have some choice words for them. "Hiccup you said you have a girlfriend. Is she still your girlfriend?" Asked Alice worried. "No. it's been a year. She probably moved on." Said Hiccup. 'Phew" said Alice. "Oh lovebirds were there" said Lucretia. They blushed at being called lovebirds and for forgetting her.

Lucretia, Alice, Hiccup and Toothless 2 exited the carriage and in front of the Aconite Town Church. "Excuse me while I change into my wedding dress." Said Lucretia as she left. "So Hiccup about what we said in the carriage." "Yeah i'm glad I got to know you some more. "Me to, but never mention that to anyone or you'll never be seen again. Got it" Growled Alice. "Yes Ma'am." Lucretia came back in a white wedding dress that rounded out like a hoop skirt at the waist. "Since you two successfully completed the mission here is your reward. 70,000 jewel. Since your already here would you like to attend my wedding. "Sure" They said. Alice, Hiccup, and toothless 2. Had sat down in the Lucretia's sections of the aisle. The brides had come.

"Do you Lucretia Borgia take Caterina Sforza to be you lawfully wedded wife." Caterina was a woman in her Mid twenties with medium length bone- straight brown hair dark, green eyes, a charming smile, a sapphire necklace and a wedding dress that outlined her hourglass figure. " I do" said Lucretia. 'And do you Caterina Sforza take Lucretia Borgia to be your lawfully wedded life." "I do" said Caterina in a voice like jingling bells. "By the power vested in me by god you are now married. You may now kiss the bride." They passionately kissed each other as if it were the last time they would ever see each other. Caterina threw the bouquet and it was caught by a random person. "What a beautiful wedding." Said Alice. "Yeah it was. We better get back to the guild." Said Hiccup. "Mages wait." Said Lucretia. "We should meet again. I'll be waiting. Goodbye." Said Lucretia. And so Team Viking started their long trek back to the guild.

****Outside of Magnolia****

"Hey did you hear about that new mage team." "What team?" "You know the team with the dragon slayer, cat and card girl." "Still no" "They

took out those bandits in lexton and escorted Lucretia to her wedding." "Who's Lucretia." She's a powerful mage and heir to the Fiore Hearts clothing line. The rival to hearts kruez clothing who's been trying to off her." "Oh yeah. Now I know. Weird name though team viking." "Yeah. Why did they choose that name. Wouldn't it be better to choose a more positive name like Team Hero or something g." "Yeah but who knows what goes on in the mind of mages. Come on we have to get back to work." "Right."

****End****

To recap. Alice joined the guild. Hiccup met and got a crush on Lissanna and Alice. Hiccup and Alice had a heart to heart moment. Hiccup begins to doubt and lose faith in his village. They met Lucretia and attended a wedding.

What Magic should Lucretia have? What Magic should Caterina have if any? Should Caterina reappear? Should Lucretia join Fairy tail and Team Viking? Should Caterina? Should Hiccup be with Lisanna, Alice or both. No Astrid. Review and tell me.

5. Love Triangle

Of Dragon Slayers and Vikings Chapter 5

To all my loyal followers. Sorry I haven't updated in forever. I had to take Midterms, apply for jobs, and I was just plain lazy. However you all waited very patiently and for that I thank you. The berk vikings will not play a major role in this chapter. This chapter will include some Liscup, Alcup, and some AllisCup. (Lisanna x Hiccup), (Alice x Hiccup),) Alice x Lisanna x Hiccup) There will be no mean Lisanna. Yes I do like the mean lisanna cliché but in this story she is nice. So far Hiccup's girlfriend can be either or both girls as no response about that have come in yet. Nor for Lucretia and Caterina. They shall reaper as I like them and could cause some Conflict.. Quick Recap: Team viking has finished helping Lucretia and are leaving Sole city and going back to Magnolia and Fairy Tail. 'Thinking' "Speaking" ****This chapter has been edited.****

****(Not that one a Different One)****

****Sole City****

"Are we there yet." Asked Alice. "No." Said Hiccup. "Are we there yet. No. Are we there yet. No. Are we there yet. No. Are we ther No!" Yelled Hiccup. "Jeez no need to snap at me. Do you even know where we are?" "Of course I do." Said Hiccup assuredly. "Alright then were are we." 'On the road' "In which country" "This One" "Can you be more specific" "No". "Hand me the map." "About that" "We don't have a map do we. "No. No we don't." "Great" "Hey you guys, let's just go to a store and get a map." Said Toothless 2. "Holy crap!" "Oh my." Said Alice and Hiccup respectively as they had forgotten that Toothless 2 was there. "Yeah let's do that." Hiccup, Alice, and Toothless 2 travel for about Ten Minutes and enter a Sole City shop.

"Alice". "Yeah Hiccup." Why did you learn two magics. I mean it's pretty complicated just learning one." "You never know when it could

come in handy." "Is that why you learned two magics." "Not exactly. Wait a minute. Excuse me shop keeper, one map please. Anyway as I was saying, that wasn't the reason I learned two magics. I learned Celestial card magic because it seemed fun, interesting and would really benefit me. As for erasure magic I learned it from another practitioner who wanted to pass on their Art." Said Alice. "What happened to them." "They died." "Oh" Said Hiccup. "Here's you map miss. That will be 50 jewel (5 US dollars)." Said the Shopkeeper. "Here you go." Said Alice as she handed the shopkeeper the money. Let's go Hiccup."

Team Viking started heading back towards the guild. Memories of their previous mission still on their mind. The lavish wedding. The beautiful brides who seemed to be soulmates. The conversation in the lavish carriage. It seemed to be something out of a storybook. 'If someone had said earlier that me Hiccup would be a Dragon Slayer I would have vehemently denied it. My best friend is a dragon i would never kill them. Then i met Cato and became a dragon slayer mage. Trained like crazy. Met some people and joined a group. It seems crazy. Man it feels like we have been walking forever. A long dirt road. No twists or turns. It seems so long and never ending. How far away are we.' 'I did it teacher i joined a guild. When i became a mage i never dreamed of joining a guild. My magic seemed a bit dangerous but i did it. It's nice to have a friend. Are we friends? i mean we just met but we've gotten along pretty well. Fighting those bandits in those filthy,grimy slums and going on that carriage ride to that wedding. I felt like cinderella but not as depressed. God we've been walking forever the guild can't be that can it. Didn't we already pass that stone? Ugh' Toothless 2 flew up to see how far away from the guild they are as Hiccup and Alice aren't paying attention. "Hey you guys looks like someone's in trouble" A fight was going on further down the road. A lone person was being attacked by a group of bandits. Hiccup and Alice ran towards the fight "Hey cut that out" Yelled Alice. "Open the gate of the Gunner! Gunshot!" "Plasma Dragon's Roar!" "Take Over Animal Soul: Cat!" "Gunner take out the bandits. Sure thing brat. Stop calling me that." Gunner took out two bandits. Hiccup swung his sword. Hiccup took out two bandits with the roar and the sword. The cat took out the remaining bandit. "Thank you" "No problem. Um? Are you into Cosplay." Asked Alice after looking at the lavender-greyish tiger themed bikini the girl was wearing. "No this is take over: Cat Soul." Said the Cat. "It's me Lisanna." Said the cat now revealed to be Lisanna. "Wow Lisanna I hardly recognized you in that pretty take over." Said Hiccup. "You think i'm pretty" Said Lisanna shyly and blushing. "Oh Um yes. Your very pretty, like Alice. I'm really lucky to be near two pretty girls." Said Hiccup. "That was out loud wasn't it". "Yes." Said Lisanna. "Your not wrong. I am pretty and so is Alice. "Uh, thank you Lisanna." Said Alice awkwardly. "So anyway what are you doing here." "Oh I was just going back to the guild after finishing up a mission then these bandit's jumped me. Thank you for your help." "No problem although it seemed like you could have done it without our help." Said Alice. "It's no problem." "Hey Lisanna would you like to go back to the guild with us we can walk and talk." Asked Hiccup. "Sure no Problem.

"So Lisanna can you tell us something about yourself?" Asked Hiccup. "Well i'm 18 years old and an Animal Take over mage." Said Lisanna. "Take over" "I take over animals and use their abilities" "Oh." "I had been sent to another world without magic and had come back last year." "Whoa how did you manage" Asked Alice. "I had faith I would

come back to my family one day." Said Lisanna. 'That's amazing I probably would have just given up." Said Alice. "Me to, but only if there seemed to be now way out." Said Hiccup. "Nonsense. You two are much stronger than that and are bound to have made it through. Your good looks definitely wouldn't hurt either." Said/Mumbled Lisanna. "What" Said Hiccup and Alice as they blushed. "Oh it's nothing, Oh look theres the guild." Said Lisanna Quickly. "Oh you right." Said Hiccup. "It was nice talking to you."Said Hiccup, Alice, and Toothless 2 as they entered the guild. "We should meet up again."Said Lisanna. "We Should" Said Team viking.

****Borgia Manor****

"Caterina." "Yes Lucretia." Are you bored?" "A little why." "Remember those Fairy Tail Mages?" "yes?" "Well I was thinking they must go on lots of adventures as their guild mages and they are nice I wouldn't mind seeing them again or joining them on a mission." "So that's your plan." "Yes. I am a powerful mage and so are you despite what you think." "Your right but what about Heart Kruez. You know they don't like you." "So." "Fine. We'll try to get back in touch with them. "Yeah!" "Later. We still have a honeymoon honey, let's Get back to it.
